KCTCS → EKV: Transfer Pathway to the Bachelor of Science

Agriculture, Pre-Veterinary

The courses list below represent the 1st-2yrs at KCTCS and is a pathway to transferring into EKV in pursuit of a B.S. Below is a list of specific KCTCS course that will prepare a student to transfer to EKV and earn a B.S. in Agriculture, while meeting the requirements of an Associate of Science. It is important to discuss this plan, and KCTCS graduation requirements and other important program requirements with your KCTCS advisor, as well as an EKV advisor. Students planning to transfer to EKV are encouraged to join the Colonel Connection in their first semester at KCTCS to take full advantage of the transfer planning services.

Students who complete an Associates of Science at KCTCS will be completely General Education Certified when transferring to EKV. For more information about transferring to EKV please contact the EKV Student Outreach and Transition Office (SOTO).
